Критерии оценивания работ обучающихся по предмету «Английский язык»

Творческие письменные работы (письма, разные виды сочинений, эссе, проектные работы, в т.ч. в группах) оцениваются по пяти критериям:

1.Содержание (соблюдение объема работы, соответствие теме, отражены ли все указанные в задании аспекты, стилевое оформление речи соответствует типу задания, аргументация на соответствующем уровне, соблюдение норм вежливости).

2.Организация работы (логичность высказывания, использование средств логической связи на соответствующем уровне, соблюдение формата высказывания и деление текста на абзацы);

3. Критерии оценки овладения чтением.

Основным показателем успешности овладения чтением является степень извлечения информации из прочитанного текста. В жизни мы читаем тексты с разными задачами по извлечению информации. В связи с этим различают виды чтения с такими речевыми задачами как понимание основного содержания и основных фактов, содержащихся в тексте, полное понимание имеющейся в тексте информации и, наконец, нахождение в тексте или ряде текстов нужной или заданной информации. Поскольку практической целью изучения иностранного языка является овладение общением на изучаемом языке, то учащийся должен овладеть всеми видами чтения, различающимися по степени извлечения информации из текста: чтением с пониманием основного содержания читаемого (обычно в методике его называют ознакомительным), чтением с полным пониманием содержания, включая детали (изучающее чтение) и чтением с извлечением нужной либо интересующей читателя информации (просмотровое). Совершенно очевидно, что проверку умений, связанных с каждым из перечисленных видов чтения, необходимо проводить отдельно.

3.1 Чтение с пониманием основного содержания прочитанного (ознакомительное)

«5»

Понять основное содержание оригинального текста, выделить основную мысль, определить основные факты, догадаться о значении незнакомых слов из контекста, либо по словообразовательным элементам, либо по сходству с родным языком. Скорость чтения несколько замедлена по сравнению с той, с которой ученик читает на родном языке.

«4»

Понять основное содержание оригинального текста, выделить основную мысль, определить отдельные факты. Недостаточно развита языковая догадка, затруднение в понимании некоторых незнакомых слов. Темп чтения более замедлен, чем на родном языке.

«3»

Не совсем понятно основное содержание прочитанного, может выделить в тексте только небольшое количество фактов, совсем не развита языковая догадка. Темп чтения значительно медленнее, чем на родном языке.

«2»

Текст не понятен или содержание текста понято неправильно, не ориентируется в тексте при поиске определенных фактов, не умеет семантизировать незнакомую лексику. Темп чтения значительно медленнее, чем на родном языке.

3.2 Чтение с полным пониманием содержания (изучающее)

«5»

Ученик полностью понял несложный оригинальный текст (публицистический, научно-популярный; инструкцию или отрывок из туристического проспекта), использовал при этом все известные приемы, направленные на понимание читаемого смысловую догадку, анализ).

«4»

Полностью понял текст, но многократно обращался к словарю.

«3»

Понял текст не полностью, не владеет приемами его смысловой переработки.

«2»

Текст учеником не понят, с трудом может найти незнакомые слова в словаре.

Sometimes, we feed the ducks in the river. After lunch at the cottage, we play board games like Monopoly or Scrabble, or we talk. My grandpa is very funny and tells very good stories!

At the moment, my grandma is decorating the house with balloons. It's my brother's birthday tomorrow. We'll probably have a little party for him! See you soon.

Hi Pat,

It was nice to hear from you. My perfect day is Saturday. It's my favourite day of the week.

In the morning, I wake up at 9 o'clock and I have a small breakfast. Then, I put on my trainers and go cycling in my neighbourhood. At noon, we always go out for lunch at my favourite restaurant. They have excellent pizza, so I usually order that. In the afternoon, I meet my friends at the tennis court and we play for hours. I love tennis!

In the evening, I do some homework and then I play on my Playstation. After that, I usually watch a DVD with my family.

I love Saturdays because it's the only night of the week that I get to go to bed late.

Anyways that's all for now. Write soon.

Love,

D Suggested Answer

Dear Sharon,

I'm really looking forward to the weekend, too. My cousins are coming to visit, so I want to do a lot of things with them.

On Saturday morning, we're going to go to the zoo. They love animals and I'm sure they're going to enjoy it. Then, we are going to have a picnic in the park. We are going to play football and ride our bicycles around the paths. In the afternoon, we are going to go to the cinema and see the new James Bond film. At night, some friends are going to come over and we're going to play video games all night!

On Sunday, I want to take them to the beach. I hope the weather is good. We want to spend the whole day there swimming and making sandcastles. Write and tell me what happened.

Love,
Tamara

The Trip of Lifetime

This summer holiday, my friend Irvin and I wanted to do something different. Instead of wasting our time staying at home watching TV and playing computer games as usual, we decided to go camping.

After getting permission from our parents, we began planning our trip. We made a list of all the food and supplies we would need and spent an entire afternoon searching for the best place to buy our camping equipment. In the end, our tent, stove and sleeping bags cost a lot of money, but it was worth it.

When the day finally arrived, my Uncle Bob was kind enough to drive us to the campsite after he got off work. We knew it would take us a couple of hours to get there and Irvin and I grew more and more excited as we got closer to where we were going. It was dark by the time we arrived, but we didn't care. We waved happily at Uncle Bob as he drove away. Then, after a bit of trouble and a lot of laughter, Irvin and I set up the tent and lit the cooking stove. As we sat having our first meal at the camp – tinned spaghetti – we both agreed it was the best food we had ever eaten. A short time later, warm and comfortable in our sleeping bags, we quickly fell asleep and dreamed about what our great adventure would bring.

e.g. The boys were out of school when they came up with their plan.

We planned to sail two hundred miles along the coast and then come back, so we would be away for a month. I was looking forward to the trip very much.

Reading

B Match the headings (A to F) to the paragraphs (31 to 35). There is one extra heading.

- A CHILDREN AND TENAGERS
- B SHOPPING FOR WOMEN
- C EXPENSIVE ISN'T ALWAYS BEST

- D THE EASY WAY OUT
- E DON'T WASTE TIME
- F THE WRONG GIFT

Choosing the Right Gift

31

Imagine spending all this time, money and effort in choosing the perfect gift for your friend and as soon as she sees it, the disappointment she feels is so great that no degree of politeness on her part can hide her reaction! You'll probably feel quite embarrassed, and she is likely to feel quite awkward too, because of her reaction. Well, there are certain things you can do to avoid such embarrassment.

32

To begin with, it is said that mothers, sisters, girlfriends, daughters and so on are more difficult to shop for, so do a little research before making your choice of gift. Pay attention to what the girl or lady you want to buy a gift for usually buys for herself. Think of her hobbies and interests or ask her to describe some of the best gifts she's ever received. These should lead you towards a good choice.

33

Next, come the young generation. Buying a gift for a toddler or a child is as easy as choosing something for your adolescent friend or relative. After all, kids

need toys and clothes while teens are happy with CDs or a pair of trendy jeans, right? Not necessarily! The little ones usually end up with too many toys or clothes, and teens go through so many mood swings and changes that you never know what makes them happy. Again, just ask what they'd like!

34

Of course, choosing the right present doesn't have to be so stressful. What matters is not the amount of money that goes into your gift but whether your choice reflects your feelings for the person who receives it. Buying a pricey stereo or piece of jewellery may not be fully appreciated if they are just displays of wealth rather than thoughtfulness.

35

Naturally, there will be times when you simply don't know what to choose. If that's the case, the simplest way to avoid giving the wrong present or worrying too much about what to choose is a gift certificate or something more general, like a big bunch of flowers or a nice box of chocolates. Presents like that are most often welcome, so you can't really go wrong!

WHITE ROOFS FOR A BRIGHT FUTURE!

The effects of global warming are becoming more and more noticeable with the passing of the years. The number of floods, storms and heatwaves has increased as a result of carbon dioxide (CO₂) and other greenhouse gases that do not allow the sun's heat to escape the Earth's atmosphere. However, a simple and quite possibly effective idea has been suggested as a way to help lessen the consequences of climate change.

Professor Steven Chu, the US Energy Secretary and a Nobel Prize winner, suggests that painting our rooftops white will help the Earth's temperature to drop. The idea is that if enough surfaces – rooftops, pavements, roads – are painted white, more sunlight will reflect off these surfaces and go back into space. This will help cool our planet down.

According to scientists, if rooftops and roads were painted white it would reduce the amount of CO₂ by billions of tons. This would be the same as taking every car in the world off the streets for 11 years. Not only this, but homes with white rooftops and cars that are painted white wouldn't absorb so much heat from the sun. This means that they would be cooler and people wouldn't have to turn on their air conditioners as much. Consequently, we would save more energy and reduce the amount of CO₂ released in the atmosphere.

Although the idea of white rooftops has been generally welcomed by the scientific and environmental communities, there appear to be a few problems. One of these is the fact that the colour white would be too bright if it was painted on too many large surfaces. Another concern is that keeping the white surfaces in good condition for a long period of time would be too expensive.

Pessimists feel that though painting rooftops and pavements in light colours is good in theory, it is just a very small step to take towards reducing the Earth's temperature. What we must remember though, is that there is not *one* solution to global warming. It's the combination of different methods that will help our planet get back on its feet.

- 31 There has been an increase in the amount of greenhouse gases in recent years.
- 32 Professor Chu suggests painting every large surface on the Earth white.
- 33 Buildings with white rooftops don't need air conditioning.
- 34 Professor Chu's suggestion has been accepted by many experts.
- 35 Some people feel that painting surfaces white will not be enough to solve the problem of global warming.

The Tunguska Explosion

31

A little over 100 years ago, on the morning of 30th June 1908, there was a huge explosion in the sky above the Tunguska River in Siberia. It was as if a giant bomb had gone off over the area. In fact, the explosion was so powerful that it killed 80 million trees, destroying a natural area of over 13,000 square kilometres in size.

32

People who saw the explosion back then all gave similar descriptions of the event: an extremely bright light, as if the sky were on fire, followed by a deafening crashing sound and strong wind. This wind was so strong that it brought down buildings, uprooted trees and knocked people to the ground. Everyone spoke of a giant fireball splitting the sky in two. In fact, the effects of the explosion were so powerful, that they spread as far as Central Asia and Northern Europe.

33

There are many ideas about what happened. These ideas range from the extremely unlikely (a UFO exploded) to the unlikely (a black hole passed through the Earth). But there is one idea that many scientists think may be right. This is that a meteorite (which is a rock from outer space) about 35 metres in length and weighing millions of kilos, entered the Earth's atmosphere that day and exploded.

34

Still, not all scientists think that this explanation can be correct. They pay attention to the fact that no one has ever found a piece of rock from a meteorite on the ground in Tunguska. They also wonder why trees in the area now grow extremely quickly. Not only this, but whatever it was that exploded over Tunguska left no mark behind.

35

In truth, Tunguska remains as much a mystery today as it was 100 years ago. Nevertheless, scientists intend to carry on examining the Tunguska forest and the surrounding area in the hope that one day they will discover the answer to this fascinating mystery.

ALEXANDER VEREINOV

History has proven time and time again that there are people who can rise above difficulties and face great challenges in a way that is inspiring to all. Many people with serious disabilities often manage to not only look past their condition, but even go on to achieve greatness. Two shining examples of this are Ludwig van Beethoven and Helen Keller.

Another brilliant case is that of Alexander Vereinov, a famous Russian artist. Born in 1956, Vereinov suffers from cerebral palsy, a condition which seriously affects body and muscle movement. His first attempts at painting began at a special hospital for children suffering from cerebral palsy, where he spent his childhood. Since he had no control of his hands, Vereinov used his mouth to hold his paintbrushes. The problem was that the people at the hospital were afraid he would hurt himself, so he wasn't allowed to paint; which is why he did all his works of art at night, in secret.

Today, Alexander Vereinov is an internationally recognised mouth artist, who has produced many stunning originals as well as reproductions of well-known paintings. His original works include the portraits of Leo Tolstoy and Alexander Pushkin. Some say that his reproductions of other well-known paintings are nearly impossible to tell from the original.

However, Vereinov's activity does not end here. Together with Maxim Goubanov, a Russian philanthropist, he works towards raising money for the Alexander Vereinov Disabled Russian Citizens Fund. This is an organisation that aims to provide wheelchairs, medicine, food and other necessities to disabled people who do not have enough means to support themselves. Indeed, Alexander Vereinov is an inspirational example of being able to use your inner strength and determination to become successful and then use this success to help others.

- 31 Beethoven and Keller were born disabled.
- 32 Vereinov started painting at an early age.
- 33 Vereinov only painted at night because they did not let him paint during the day.
- 34 Vereinov's copies of famous works of art are extremely accurate.
- 35 Vereinov gives part of his money to charities for the disabled.
